

Join us for the

# MINI MAD SCIENCE CLUB

**Mad Science brings the wonders of science to children aged 3 to 5.**

Mad Science clubs have been available in schools for over a decade, and now due to popular demand, we are offering a specially developed parent & child club for 3 to 5 year olds.

Our science workshops provide an interactive, hands-on exploration of fun scientific topics. Join us for...

- Splishy splashy water fun
- Messy mad mixtures
- A DINO-mite dig for fossils
- An air blast adventure
- The wonderful world of wiggly worms
- Cool colours and bubbling potions

### MINI MAD SCIENCE CLUBS Are:

- Developmentally appropriate & relevant to children aged 3 to 5
- Sparks imaginative learning with fun and engaging experiments
- A place for children to discover and understand the world around them
- An opportunity for parent and child to explore together
